Homeowner Minor / Emergency Repair Program

The Neighborhood Resources Division of the City of Wichita Falls offers a program to perform certain kinds of limited minor repairs on single-family homes of qualified low to moderate income homeowners.

◆ What Kind of Repairs Qualify ?

The Minor Repair program is designed to assist in the following types of repair: roofs, sewer lines, gas lines, water lines, water heaters, electrical systems, limited repairs to heating/cooling systems, and limited handicapped accessibility.

Your property will be inspected by the Neighborhood Resources Division. The inspector will discuss the nature of the problems and possible remedies and determine what kind of repairs the program may be able to help with.

◆ How Do I Apply ?

You may call or come by our office in Room 300, Memorial Auditorium, 1300 7th Street. During this initial visit we will discuss your repair needs, gather basic application information and explain how the program works.
